The corrected reading of the banumeter (reduced to sea level) at New York on Thursday, Oct 5, 1922, at 8 AM, as reported by the United States Weather Bureau, was twenty-nine and ninety-two hundredths (29.29) inches. This closely approximates seven hundred and sixty (700) millimeters. Captains of all vessels now lying in or near the ports of New York and Brooklyn can advantageously use the above official data for observing whether their own barometers require any considerable correction or adjustment.

BIG LEASING DEAL ON BROADWAY, BROOKLYN

T. N. VAIL'S \$2,000,000 REVEALED IN RECORDS PLACE BOUGHT BY CLUB

The contemplated plan of the city to take over the Berkeley Oval and Camp estate properties in the West Bronx, bounded by Sedgwick, Burnside, University and Tremont avenues and 177th street, for park purposes, which is to come up before the Board of Estimate for hearing to-day, is being opposed by a taxpayers' organization of owners in that section.

The association, of which Herman A. Acker is secretary, has forwarded resolutions to the board in which it is held that there are enough playgrounds in the section; that the benefit derived would not be commensurate with the cost; that, owing to the fact that it has been partly improved, the cost would be great, and, lastly, that the city would lose much in taxes from not houses, to which it is adapted.

IN THE DWELLING MARKET.

A. Fillmore Hyde, president of the Hyde Real Estate Corporation, has purchased from Furpe H. The city would be great and the corner of Riverdale avenue and Douglass street, from Hyman Harding, who held it at \$25,000. D. T. Rosen, a taxtorney, represents the company.
